THE CORONAVIRUS IN A TINY DROP

HOW VIRUS SURVIVES IN OPEN AIR

To create the model, the researchers needed one of the world's biggest supercomputers to assemble 1.3 billion atoms and track all their movements down to less than a millionth of a second. This computational tour de force is offering an unprecedented glimpse at how the virus survives in the open air as it spreads to a new host.

KEY OBSERVATIONS

Many scientists championed the traditional view that most of the virus's transmission was made possible by larger drops, often produced in coughs and sneezes, which usually travel only a few feet before dropping to the floor.

► **CAN BE INFECTIOUS EVEN AT DISTANCE:** But epidemiological studies showed that people with Covid-19 could infect others at a much greater distance: Just talking in a poorly-ventilated space like a restaurant, library or classroom was enough to spread the virus.

► **THIS IS DUE TO AEROSOLS:** Those findings pointed to much smaller drops called aerosols as important vehicles of infection. Scientists define droplets as having a diameter greater than 100 micrometres, or about four-thousandths of an inch.

► **AEROSOLS ARE SMALLER:** In some cases they are so small that only a single virus can fit inside them. And thanks to their minuscule size, aerosols can drift in the air for hours. **NYT**

To better understand the coronavirus's journey from one person to another, a team of 50 scientists has for the first time created an atomic simulation of the virus nestled in a tiny airborne drop of water

SIMULATING VIRUS-TRAPPED AEROSOL

1 Using 1 billion atoms, they created a virtual aerosol measuring a quarter of a micrometre in diameter, less than a hundredth the width of a strand of human hair.

2 Experts had to take over the Summit Supercomputer at the Oak Ridge National Laboratory in Tennessee, to simulate how the virus is transmitted in a droplet to the lungs.

3 They got clues about how viruses survive inside aerosols. The mucins, secreted on mucosal surfaces and saliva, did not just wander idly

around the aerosol. The negatively-charged mucins were attracted to virus's positively-charged spike proteins.

4 Experts found that if the virus trapped in the aerosol moves closer to its surface, the mucins get attracted to them and push back into the body. When an aerosol breaks free from the fluid in our lungs, it brings along a stew of molecules from our bodies. It includes mucins: long, sugar-studded proteins from a lung's lining.

5 Delta's spike proteins have excess positive charge than other variants. So, mucins huddle more closely around them. Next, Omicron is being studied by the team. **NYT**

KNOW THE TERMS

AEROSOL: A tiny particle or droplet that's suspended in the air.
ANTIBODY: A protein your immune system makes in response to an infection. If you have antibodies for the coronavirus in your blood, it means you have been infected with this virus at some point (even if you never had any symptoms).
ANTIBODY TEST: Also called a serology test, this checks to see if you have antibodies in your blood that show that you were previously infected with the virus.
ANTIGEN TEST: A type of diagnostic test that checks to see if you're currently infected. The test looks for proteins (antigens) in a sample taken from nose or throat. Antigen tests are faster than PCR tests, but they have a higher risk of false positives.
CONTACT TRACING: Public health workers known as contact tracers work with infected people to identify anyone they had close contact with while they were contagious.

SPIKE PROTEINS: form flower-like structures that rise far above the surface of the virus. **WHO**

NEWSMAKERS OF THE DAY

BCCI cracks whip, opts for proven leader in Rohit

It was waiting to happen after India's unceremonious World Cup exit and on Wednesday, the BCCI ended Virat Kohli's run as India's white-ball captain with a rather matter-of-fact statement, handing the reins to Rohit Sharma "going forward".

The BCCI, it is learnt, waited for the last 48 hours for Kohli, who has already relinquished T20 captaincy, to voluntarily step down from ODI leadership as well but he did not. By the 49th hour, losing the position to Rohit Sharma was simply 'fait accompli'. Infact, Kohli's sacking was not even addressed by the BCCI statement, which merely stated that the selection committee has decided to name Rohit captain of the ODI and T20I teams going forward. Kohli lost his captaincy. Just like that.

The BCCI and its national selection committee sacked the decorated Kohli, who perhaps harboured the ambition of leading India at home in the 2023 ODI World Cup.

The moment India were ousted from the T20 World Cup at the group league stage, Kohli's leadership epitaph was written but the BCCI mandarins wanted to give the captain of last four-and-a-half years an honourable exit route.

In the end, it seems Kohli dared the BCCI to sack him, the parent body went ahead and did exactly that and the once all-powerful skipper had no other option but to accept it. **PTI**

Malala plays messenger for Afghan schoolgirl

Pakistani activist and Nobel Peace Prize winner Malala Yousafzai has delivered a message from Sotooda Forotan, an Afghan schoolgirl, to US Secretary of State Antony Blinken, seeking the help of the Biden administration for girls in the strife-torn country gain access to education. Forotan, who is 15 years old, was recently listed as one of the "25 most-influential women of 2021" by the UK's 'Financial Times.' The teenager was named on the list after she took a stand against the Taliban government's decision to ban girls from schools in classes 7-12 after the hardline Islamists seized power in Kabul in mid-August.

Watch, Pen and Learn: Teens, spiritual coaches discuss life, relationship matters

As we move towards a new year in the hope that we will usher in positivity and mindfulness, and get over with the stress that Covid has thrown at us, here's an opportunity for you to learn from 'life conversations' between schoolchildren and spiritual masters.

In a bid to usher in positive mindset, The Bennett University presents Times Masterclass, a tete-a-tete between school students and spiritual masters on how to achieve the mind-body-soul balance.

Students from some of the

top schools of India engaged with renowned spiritual gurus and life coaches - Sister BK Shivani, Yog Guru Dr. Surakshit Goswami and

Aryavan McSweeney - and received valuable life lessons. Students from The Doon School, Shiv Nadar, Tagor Int'l, Bombay Scottish, Springdales, Silver Oaks Int'l, St Columba's School were among some who took part in the fun-filled meaningful talk with the masters.

To register for the sessions, please visit www.timesmasterclass.com

- The six-part sessions can be viewed between **DECEMBER 11, 2021** and **JANUARY 23, 2022**
- Each session is packaged in 2 parts (20-30 mins each) in a sequence, which a student can attend by registering on www.timesmasterclass.com
- Students registering and attending the session will be given a 'Certificate of Participation'
- Once you have attended a session, share your learnings with us by participating in the 'PEN YOUR LEARNINGS' Contest.
- The best entries at city and national level will be uploaded on NIE and TOI online platforms and rewarded by The Times of India

FACTOID ₹20,353 CRORE

The government has detected total undisclosed credits amounting to above sum with respect to over 900 India-linked entities in the Panama and Paradise Paper leaks, Parliament was told by Minister of State for Finance Pankaj Chaudhary. As many as 52 cases of Panama and Paradise Paper Leaks, criminal prosecution complaints have been filed, he said.

Study finds 5 species of flying squirrels in Uttarakhand

Dehradun (Uttarakhand) [India], December 8 (ANI): A study conducted by the Research Wing of Uttarakhand Forest Department has recorded the existence of five different species of flying squirrel in the state of Uttarakhand. The five species are namely the Red Giant flying squirrel, White Bellied flying squirrel, Indian Giant flying squirrel, Wolly filing squirrel and Kashmir flying squirrel.

B'TOWN WEDDING: GROOM VICKY TO RIDE A HORSE-DRAWN CHARIOT

After sangeet and haldi ceremonies of actors Vicky Kaushal and Katrina Kaif, sources have said that Kaushal will arrive in style at the wedding venue, riding a seven horse-drawn chariot. On the request of the couple, the

700-year-old Six Senses hotel fort Barwara situated in Sawai Madhopur district, has been decorated with a heritage look as the couple sought such a decor. Sources said Kaushal would be riding a white-coloured chariot driven by seven horses.

(Choose the idiom that best suits the situation)

Ashwini was planning a midnight feast. "All we have to do is set an alarm for 11.55," she told her brother. "Then we creep out and eat in the garden. Of course, we should not forget to collect our food from the kitchen." Her brother remarked: "Just one problem. Grandfather sits reading in the hall till after 12. How do we get past him without being seen?"

- A. Fly on the wall B. Flea in one's ear
C. Fly in the ointment

Ranjit declared that he was leaving home. "Please do," said his parents, certain that he would not go.

- A. Call someone's bluff
B. Follow suit
C. Pass the buck

TRIVIA

In a game of poker, a player pretends to hold excellent cards and bets accordingly. An opponent either 'folds' (surrenders, without seeing the supposedly good hand) or 'calls' (matches the wager). If the latter, all must show their cards, and the truth is revealed. 'To call someone's bluff' means to challenge a person to carry out a threat because one is quite sure that he/she will not act on it.

COVID FEAR IS BACK!

Riya haven't these words become so exasperating for all of us now. But still, do you know that Merriam Webster chooses 'Vaccine' as the '2021 word of the year'. Really? Yes, and also the Omicron variant. Wait! What? Omicron variant? Oh! you really don't know anything about the news. It is the new variant of Covid-19. Omicron has forced the government to review existing regulations and bring back curbs. Anyways, moving further, I just overheard the conversation of my friend who is really excited about Dhanush winning an award...Yes, Dhanush won the best actor award for Asuran at BRICS Film Festival. Oops! I almost forgot to tell you about the space junk. What about it?

Scientists say that Earth will have Saturn-like rings of space junk. That's quite interesting. Let me tell my friends also.

THE INDIAN NAVY DAY CELEBRATION

The Indian Navy Day was observed by New Horizon Scholars School, Kavesar, Thane. Students made placards and Posters on the same and displayed it on the virtual platform.

Students spoke on the relevance of the day and the ones who act like shield to the enemies who can anytime intrude through waters.

The students highly appreciated the efforts of the Navy Wing through Clay models which they displayed in the program held on the day.

There were songs and dances to praise the Navy personnel. Models and power point presentations were made and shown to the audience online to leave them mesmerized. The day was observed by New Horizon Scholars School.

Students made placards and Posters on the same and displayed it on the Virtual platform.

Students spoke about the relevance of the day and the ones who act like shield to the enemies who can anytime intrude through waters.

The students highly appreciated the efforts of the Navy Wing through clay models which they displayed in the program held on the day.

There were songs and dances to praise the Navy personnel. Models and Power point presentations were made and shown to the audience online to leave them mesmerised.

The regional director Dr. Jyoti Nair

aply worded, "We are at peace and safe because we have our navy keeping us protected each and every moment.... Salute to our Navy and best wishes on Indian Navy Day. Let us celebrate the Indian Navy Day by saluting all the navy men for their bravery, dedication and patriotism. While we extend this admiration to all the Navy men we pray for their wellbeing and prosperity too."

LET ME FLY WITH THE BIRDS

Let me fly with the birds,
In the beautiful blue sky,
Up above everything,
Free from all the tension.
Let me fly with the birds,
And roam around the

world,
Free from the greed, and selfishness.
Free from the materialistic pleasures.
Let me fly with the birds,
And live like them,
Free of the fake people.

Let me fly with the birds,
And make true friends,
And be truly happy.
Let me fly with the birds,
And remove all the negativity,
And the toxicity out of my life.

Let me fly with the birds,
For they have retained their values,
Unlike humans, they do not criticize.
Let me fly with the birds,
Cause they are far better than humans.

RADHIKA CHOPRA, class X, Fr. Agnel Multipurpose School, Vashi

When innocence won me over

"If you don't learn to laugh at trouble, you won't have anything to laugh at when you're old."

-Edgar Watson Howe

As teachers are all familiar with our routine of each day, beginning with the morning alarm clock and ending with planning for the lesson to be taught the next day. Though we are upset sometimes with the monotony of work, our students leave no stone unturned to fill our bland lives with fun and vigour.

I recall one such incident in my class a few years back that still tickles me whenever I walk down memory lane. I was teaching a poem in grade four comprising forty children. All of them were listening attentively. One among them

had a few interesting questions to ask that impressed me. I could also see him taking notes while I was explaining the poem. It was an engaging class and the children and I had an open discussion about the topic after I finished explaining. I took my seat after assigning the children a task and continued doing my work. Soon I found the same boy who had won my heart that day by actively participating in the discussion standing next to me.

At first, I was baffled. Then I thought he per-

haps has more questions to ask. Before I could utter a word, he took out a paper from his pocket and held it up for me to see. All along I had thought he was keenly listening to me but the paper in his hand disclosed what he had been up to. He had drawn a sketch of me during my period. I did not understand how to react to this.

He looked at me with anticipation, eagerly waiting for me to appreciate his work. I wanted to reprimand him, but at the same time his innocence mellowed me down. "The best way of removing negativity is to laugh and be joyous." - David Icke

Soumi Mukhopadhyay, teacher, DPS ECity, Bengaluru

A much-adored pet with round feet

I was my full physical size as soon as I was manufactured in the factory, mentally I was still a baby! I have two round feet and a pivot joint around my neck and shoulders! Who am I? I am a bicycle! My first home was a retail shop. One day, a sweet little girl was trying to find a cycle for herself, and I really liked her. I prayed really hard that she chooses me, and she did! I'm painted pink and turned out that it was her favourite colour too. I went to my new home with Lizzy.

Lizzy simply adores me. She keeps me squeaky clean and talks to me. When Lizzy rode me for the first time she fell down. But that's ok - anybody who rides a cycle for the first time, falls down. I felt sad for her because she got hurt. For a moment I thought, "What if Lizzy's parents return me to the shop?" Thank God, they didn't and instead Lizzy was told to keep peddling,

steering and looking straight. When one fails, trying harder is the only way to succeed. The day she succeeded was a joyous day for me!

I feel I'm Lizzy's "pet". I'm parked in my own little space in the house. When my wheels get muddy I am always given a bath. When my wheels get punctured, they take me to the repair shop, which is actually like a hospital for cycles.

Do you know what the best thing about being a cycle is? That I do not need to eat! I can just lick the extra candy Lizzy always sticks into my bell, when she buys one for herself. Life is good being a cycle. But I do think once in a while, if being a normal human being would be even better.

Friends, what do you think?

Nyja Basu, class VI, DPS-East, Bengaluru

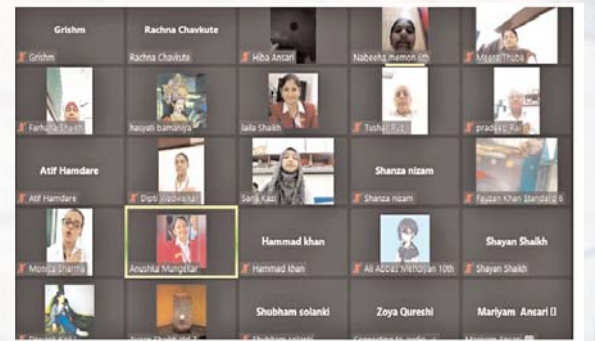

National Education Day

The Primary and Secondary section of Rizvi Springfield School, CBSE celebrated National Education Day on 17th of November.

The celebration took place amidst the school assembly. As regular their assembly started with breathing exercise under the guidance of P.E teacher Tushar Rupji. It was then followed by the prayer of the school, the thought for the day for shared later. The assembly duty for that day was assigned to grade 8 students under the supervision of their class in-charge Pradeep Rai.

Immediately after the thought of the day was shared, the National Education Day celebration started. Farhana Shaikh teacher and Monika Sharma teacher, beautifully explained the importance of that day. Every year since 2008, November 11 is celebrated as the National Education Day to mark the birth anniversary of India's first education minister Abul Kalam Ghulam Muhiyuddin. Fondly known as Maulana Abul Kalam Azad.

The teachers also shared 10 important things to know about Maulana Abul Kalam. The assembly was ended with taking pledge by all the teachers and the students, followed by national anthem with achieving a lot of knowledge for the day.

The students and the teachers of Rizvi Springfield High School, CBSE are really thankful to the management, the director Adv. Rubina Akhtar Hasan Rizvi principal Aisha Shaikh and vice principal Laila Shaikh and coordinator Minaz Sayyed for guiding and providing us this platform, where students can learn everyday something new and celebrate such auspicious days.

Chase your passion, not comfort

FARHAAN MOLLA, CLASS IX, ST. JOSEPH'S HIGH SCHOOL, JUHU

After a turbulent phase of lockdown in which we all have withdrawn ourselves from physical activities. I was also affected emotionally, but I have always been inclined to be physically fit and hence I plunged to do something that I have never done before and that was 'gymnastics'. I decided not to get affected emotionally or physically in the stressful times,

so I started physical exercise in which I learnt flips and working to make my body flexible. With my commitment I was in air and doing something different with the help of a mentor, which helped me physically and also mentally. Lifestyle change also helps considerably overall. Exercising regularly and using less gadgets made me a happier person. Tune in to your heart for it is the only thing that will give you the most raw, honest advice. My tag line is #NotSoOrdinary#Learn_Aspire_Conquer.

Fit India Week in school

SHEETAL SARODE, P.E. TEACHER

VM's Swami Mukhtanada High school celebrated FIT INDIA SCHOOL WEEK from 29th November to 4th December. The aim was to enable the students to understand the importance of being fit.

During the entire week various activities related to the fitness like Yoga, meditation, brain games were carried out.

Students made posters related to 'Freedom from Sedentary Life style, participated in Essay and Poetry Writing skills on the topic 'My Fitness Mantra' On AKAM (Azadi ka Amrit Mohtsav) students participated with great gusto and the week was quite eventful.

HEAD, WARNER HELP AUS EXTEND LEAD TO 196

Technical glitches, rapid-fire century put paid to England hopes

David Warner

Travis Head blasted a rapid-fire century to crush England hopes on the second day of the opening Ashes Test at the Gabba on Thursday. At the close of play Australia were 343-7, a lead of 196 on England's dismal first-innings total of 147. Head was on 112 from only 95 balls, alongside Mitchell Starc, who was not out 10. England had threatened a comeback after tea when Ollie Robinson took two wickets in consecutive balls, but Head's aggressive innings put paid to any hopes of a miracle recovery.

HEAD ON ATTACK MODE

Head came to the crease with Australia 189-3 after Steve Smith edged Mark Wood to keeper Jos Buttler just before tea. He then watched David Warner (94) and Cameron Green depart to Robinson's accurate seamers after the break, with Australia still only 89 runs ahead. But the 27-year-old Head attacked from the outset and was particularly harsh on spinners Jack Leach and Joe Root. He smashed two sixes and 12 boundaries in his century, his third overall and his first since the Boxing Day Test against New Zealand in 2019.

Leach, 1-95 from 11 overs, failed to assert any control and with Ben Stokes also struggling for fitness, skipper Root had to rely heavily on his three-man seam attack.

WARNER RIDES ON LUCK

Earlier, Warner rode his luck in the first two sessions. The gritty opener was bowled by a no-ball by Stokes before

lunch, then dropped by Rory Burns in the first over after the break, before Haseeb Hameed bungled a simple run-out when Warner was on 60. Warner's good fortune began in the opening session when Stokes bowled him when he was on 17, but the all-rounder had overstepped to give the Australian opening batsman a reprieve. It later transpired that technology issues were at the centre of the no-ball drama.

THE ASHES

Television replays showed that Stokes had also overstepped on the first three balls of his over, but nothing was called. That led to suggestions that had he been called earlier by the umpires, he would have adjusted his run-up and

EQUIPMENT MALFUNCTION WOES

The no-ball call that denied England's Ben Stokes a wicket in his first over of the opening Ashes test on Thursday led to the revelation that the third umpire was unable to check the front foot on every delivery. Cricket Australia said a technology problem at the Gabba meant that the third umpire, Paul Wilson, couldn't review TV replays of every delivery. Broadcasters later reported that the equipment had broken down and the officials had reverted to the protocols used before the technology existed. Under International Cricket Council (ICC) regulations, the third umpire in World Test Championship matches is supposed to check every delivery for a no-ball.

Warner's prized wicket -- on Stokes's fourth delivery -- may have stood. Cricket Australia later said the technology that TV umpires use to help check no-balls was not working.

GOOD START FOR ENG

England needed to take all their chances to keep their hopes of salvaging anything from the first Test after their disastrous start on Wednesday, when they were bowled out in just 50.1 calamitous overs. They started well when Robinson claimed his first Ashes wicket, Marcus Harris, with the score on 10. England had gone into the Test without veteran seamers Jimmy Anderson and Stuart Broad, surprising many, including Australian captain Pat Cummins. But the seam attack of Robinson, Chris Woakes and the outright pace of Wood were able to keep the Australian batters pinned down early on with some tight and accurate bowling.

Robinson was particularly dangerous and made the breakthrough when he enticed Harris to play forward to a ball that left him slightly, the Australian opener edging to second slip, where David Malan took a good low catch.

Warner and Marnus Labuschagne consolidated but late in the second session Labuschagne sliced an attempted cut off Leach to Wood at backward point to fall for 74. Soon after Wood, who bowled with real pace all day, gave England some cheer when he removed the dangerous Smith -- so often England's tormentor -- in the penultimate over of the second session.

When Warner slapped a short Robinson ball to Stokes at short cover after tea and then Green shouldered arms and was bowled next ball, England must have had some belief.

But that was soon quashed by Head's swashbuckling innings. **AFP**

BARCELONA OUT OF CHAMPIONS LEAGUE

Bayern Munich puts an end to 17-year winning streak in snow affected group stage

Barcelona's 17-year streak of advancing to the Champions League knockout rounds each season ended Wednesday with an exit from the group stage that failed to finish on time because of snow in Italy.

Barcelona fell to a 3-0 loss at Bayern Munich that dumped the five-time European champion into a dismal -- and deserved -- third place in Group E. "We start a new era, from zero, from here," Barcelona coach Xavi Hernandez, who rejoined the club in crisis last month, said.

Bayern's perfect six straight wins started with a 3-0 win at Camp Nou in September, and a repeat result at home

BAYERN SOARING

◆ Bayern won its group with a 22-goal tally that was more than twice as many as the other three teams combined.

◆ Goals from Thomas Muller, Leroy Sane and Jamal Musiala against Barcelona ensured Bayern matched Ajax and Liverpool who completed their six straight wins on Tuesday.

Leroy Sane

Photo: AP

let Benfica rise above Barcelona -- and into the round-of-16 draw on Monday -- by beating Dynamo Kyiv 2-0.

This is the fourth time that Barcelona has been knocked out from a Champions League group stage and this is the first one since 2000/01 when they played the UEFA Cup. Barcelona entered the contest against Bayern battling Benfica for the second qualifying spot in Group E, however, Bayern Munich had to break no sweat to defeat Barcelona.

BARCELONA SLUMP

Before Lionel Messi left for PSG, in all 17 years of his first-team career at Barcelona the club took its place among the elite in the round of 16 each February. They won four Champions League titles in that era.

In the club's first post-Messi season, the Europa League playoffs now beckon after a group-stage campaign that brought more 3-0 losses (three) than goals scored (two). The decline also extends at home and to the club's finances.

A current seventh place in La Liga is outside the European qualification spots. **AGENCIES**

BENFICA RETURN TO KNOCKOUTS

Win at Dynamo Kyiv, Barca loss help team make the cut

Benfica played its part, and that proved enough to secure a return to the knockout stages of the Champions League after four seasons. Benfica beat already-eliminated Dynamo Kyiv 2-0 on Wednesday, and got some vital help from already-qualified Bayern Munich, which defeated Barcelona 3-0. The combination of results saw Benfica finish second in Group E and advance for the first time since 2016-17.

Roman Yaremchuk and Gilberto scored first-half goals to give Benfica eight points, one more than Barcelona. Benfica entered the last round trailing Barcelona by two points but had the head-to-head advantage after beating the Catalan club 3-0 at home and securing a scoreless draw at the Camp Nou Stadium.

Benfica fans loudly celebrated at the Stadium of Light every time news arrived that Bayern had scored against Barcelona in Munich. "I'm really proud. It's amazing what we've achieved," Benfica's Joao Mario said. "We knew how difficult it was going to be."

The hosts eased off in the second half -- and even heard some jeers from home

fans -- but it was enough to clinch the spot in the next stage without any real scare. "It's normal, we knew the result of the other match," Joao Mario said.

Benfica arrived with high hopes as it faced a winless Dynamo team and could count on a Bayern side that had won its previous five games. They pressed forward from the start. The teams had played to a scoreless draw in Kyiv in their group opener. Benfica, a two-time European champion, had lost only twice in 16 European matches at home, including 4-0 to Bayern this season. Dynamo has won only twice in its last 15 European games on the road. **AP**

MAN-U, YOUNG BOYS DRAW 1-1

◆ Manchester United and Young Boys played out a 1-1 draw in Group F of the UEFA Champions League at Old Trafford. Mason Greenwood scored the goal for United in the 9th minute while Fabian Rieder registered the goal in the 42nd minute. With this result, United finished at the top of Group F and they will head to the knockout stages with some momentum behind their backs. **ANI**
