WHO MADE HIS DIRECTORIAL DEBUT WITH THE 1983 MOVIE 'MASOOM'?

CLUE 1: The 74-year-old is a Chartered Accountant from the Institute of Chartered Accountants in England & Wales

CLUE 2: Born in Lahore, Pakistan, he's also a nephew of legendary actor Dev Anand

CLUE 3: He debuted as an actor in the 1974 movie, 'Ishq, Ishq, Ishq'

ANSWER: SHEKHAR KAPUR. The Union ministry of information and broadcasting has appointed the filmmaker as the new President of Film and Television Institute of India (FTII) Society, and as the Chairman of FTII Governing Council

United under the Swedish activist Greta Thunberg, young people rallied worldwide recently to demand urgent action to halt the catastrophic climate change, in their first global protest, since the coronavirus crisis began. With wild weather wreaking havoc across the world - from fires ravaging the US West Coast, to abnormal heatwaves in the Siberian Arctic, and record floods in China - the organisers said, their aim was to remind politicians that while the world focused on Covid-19, the climate crisis was more acute than ever. The protesters also called for a 'Global Day of Climate Action'.

'PLANET IS DYING', 8-YEAR-OLD CLIMATE CRUSADER WARNS

One of the world's youngest climate change activists, **Licypriya Kangujam**, is leading a youth movement on climate change, and has urged PM Narendra Modi and lawmakers to pass a new law, aimed at capping carbon emissions in the world's third-largest producer of greenhouse gases. Born in Manipur, Kangujam has been outraged by the air quality, she has seen in Delhi. "I am fighting to save our planet and our future," she said as she protested outside parliament in New Delhi recently.

I will go to the Moon, and I will research on how we can get fresh air to breathe, how we can get fresh water to drink, and how to grow crops there, because our planet is dying soon

Fridays for future IS BACK!

DJOKOVIC FINDS HIS FOOTING AFTER US OPEN DEBACLE

Three weeks after he defaulted in the US Open for hitting a line judge with a ball, Novak Djokovic got his quest for an 18th Grand Slam title, back on track with a 6-0, 6-2, 6-3 victory over Mikael Ymer in the French Open on Tuesday.

Russian 13th seed Andrey Rublev came two sets and 5-2 down to beat American Sam Querrey 6-7(5), 6-7(4), 7-5, 6-4, 6-3 in three hours and 17 minutes

In the women's singles, surprise US Open semi-finalist Jennifer Brady let slip two match points in a 6-4, 3-6, 9-7 loss to 17-year-old Clara Tauson. Tauson, a former junior World No.1, is making her Grand Slam debut

SADHGURU TO WRITE ABOUT KARMA AND DESTINY IN HIS UPCOMING BOOK

Spiritual teacher and author Sadhguru is all set to write a book on karma, its many aspects and destiny in his upcoming book, titled, 'Karma: A Yogi's Guide to Creating Your Own Destiny'. Sadhguru said, "When I looked at the variety of misconceptions surrounding the word 'karma', I saw that it is one of the most misunderstood aspects of life. This needed clarification. People need to see that karma is not just bondage, it can also become a process of liberation. This book has been conceived as a manual of this process."

The book will dive deep into understanding karma, its different aspects and its consequences - all decoded with new perspectives by Sadhguru. The book will give the readers a sense of awareness and an opportunity to create and navigate their destinies

'Karma: A Yogi's Guide to Creating Your Own Destiny' is expected to be released in early 2021

4 IN 10 CONSUMERS IN INDIA VICTIM OF ONLINE BULLYING: MICROSOFT

Nearly four in 10 consumers have been involved in a bullying incident online at their workplaces and outside, a Microsoft study has revealed. Across India, 38 per cent of consumers (34 per cent adults and 43 per cent teenagers), said they were involved in a "bullying incident". Nearly 25 per cent respondents said, they were the target and 17 per cent a bystander or witness to bullying or harassment.

- The results also show that 38 per cent of people in 32 countries say they've been involved in a bullying incident as the target of the bullying, someone who displayed bullying behaviours, or as a bystander
- The study polled teenagers, aged 13-17 and adults aged 18-74, about their online experiences and exposure to online risks

NEWS IN BRIEF

\$25,400

Price of Beatles memorabilia that is likely to fetch at the Sotheby's auction. Sotheby's is hosting an online auction this month of Beatles memorabilia to mark the 50th anniversary of the British band breaking up.

The sale offers items spanning the band's entire performing career, including a signed copy of the Fab Four's first single from 1962, 'Love Me Do', valued at between \$19,000-\$25,400. Other items on sale, include a pair of John Lennon's unmistakable glasses and his school detention sheet

SALTY LAKE, PONDS MAY BE GURGLING BENEATH SOUTH POLE ON MARS

A network of salty ponds may be gurgling beneath Mars' South Pole alongside a large underground lake, raising the prospect of tiny, swimming Martian life, scientists have claimed. The scientists widened their coverage area by a couple hundred miles, using even more data from a radar sounder on the European Space Agency's Mars Express orbiter, two years after identifying what they believed to be a large buried lake.

In the latest study, the scientists provide further evidence of this salty underground lake, estimated to be 20 kilometres to 30

Roughly 4 billion years ago, Mars was warm and wet, like the Earth. But the Red planet eventually morphed into a barren, dry world, it remains today. All this potential of the presence of water, raises the possibility of microbial life on or inside Mars. High concentrations of salt are likely keeping the water from freezing at this frigid location, the scientists noted. The surface temperature at the South Pole is an estimated minus minus 113 degrees Celsius, and gets gradually warmer with depth. These bodies of water are potentially interesting biologically and "future missions to Mars should target this region," the researchers wrote

kilometres across, and buried 1.5 kilometres beneath the icy surface. Even more tantalising, they've also identified three smaller bodies of water surrounding the lake. These ponds appear to be of various sizes and are separate from the main lake.

IDEAL WEIGHT NOW 5KG MORE: 65KG FOR MEN, 55 FOR WOMEN

The National Institute of Nutrition (NIN) has added another 5kg to the ideal weight of Indians. While the weight of an ideal or reference Indian man was 60kg in 2010, it has now increased to 65kg. In case of women, it has gone up to 55kg from 50kg, a decade ago

Along with this, the earlier height for a reference Indian man was 5.6 feet (171cm) and a woman was 5 feet (152cm). It is now revised to 5.8 feet (177cm) for a man and 5.3 feet (162cm) for a woman. This will now be taken for normal body mass index (BMI)

The visible fat intake for individuals with sedentary, moderate and heavy activity has

According to the scientists, this was because nutritional food intake had gone up. Also, data from rural and urban areas was taken into account this time as against only urban data 10 years ago. A premier nutrition research body of the Indian Council of Medical Research, NIN, has also revised its recommended dietary allowance (RDA) and estimated average requirement (EAR) of nutrition for Indians in its 2020 report

been set at 25, 30 and 40 grams per day, respectively, for an adult man and 20, 25 and 30 grams per day, respectively, for an adult woman

The calcium requirement proposed as RDA for an adult man and an adult woman is 1,000mg per day. It was 600mg per day in 2010

Common salt intake remains at 5 grams per day with the sodium intake limited to 2 grams. An intake of 3,510mg potassium is recommended per day

ENTERTAINMENT

M NIGHT SHYAMALAN UNVEILS TITLE OF NEXT FILM

The title of M Night Shyamalan's upcoming thriller is 'Old', the director has announced. The filmmaker took to Twitter to share the update. "Feels like a miracle that I am shooting the first shot of my new film. It's called 'Old'," tweeted a masked Shyamalan holding a clapperboard. He also shared the artwork of the film - a depiction of an hourglass, with people tumbling instead of sand, and the text reading, "A New Trip from writer/director M Night Shyamalan. It's only a matter of time." Shyamalan, who has written the script, will also produce the project.

How Fashion trends have changed...

SOCIO-POLITICAL AND ENVIRONMENTAL MOVEMENTS LED TO THESE TRENDS

1 In the '60s and '70s, people experimented with styles such as bell-bottom pants, unbuttoned shirts, and flowing jumpsuits – all of which were influenced by music and social movements.

2 By the '80s and '90s, people favoured celebrity-inspired ensembles, especially those worn by icons like Naomi Campbell and the late Princess Diana.

3 Throughout the 2000s, designers have borrowed heavily from clothing trends popular in past decades, like animal-print garments and tiny handbags.

4 In 2020, welcome cottagecore. Know more here...

THE STYLE MAP

1960-1961:

- Matching coats and dresses were all the rage.
- In the early '60s, many people still sported styles that were popular in the '50s. During this time, women often layered loose-fitting coats over matching dresses and completed their ensembles with coordinating hats, gloves, and short heels.

1960-1963

- Bow collars came into style.
- According to 'Paste' magazine, bow collars were common-

ly worn by women entering male-dominated work fields in the early '60s. The look was said to blend masculine and feminine styles beautifully.

● The style is still worn frequently today – sometimes even as a political fashion statement.

1965:

- The mod trend spread from the UK to the rest of the world.
- Mod, short for modernism, was a subculture known for its focus on music and style. The

mod movement is said to have originated from a small group of London-based young men who listened to modern jazz, according to the BBC.

1966:

- Women's fashion was also influenced by the mod movement. Rather than wearing sleek suits, women donned polka-dot ensembles, black-and-white paneled dresses, and boots.

1968:

- People loved wearing styles inspired by the film 'Bonnie and Clyde.' In particular, men often wore pinstripe suits paired with hats in solid colours.

1969:

- Many shoes from this period featured short and chunky heels, were made of leather, and reached just above the knee.

1960s

1972

1966

mod movement is said to have originated from a small group of London-based young men who listened to modern jazz, according to the BBC.

1966: Women's fashion was also influenced by the mod movement. Rather than wearing sleek suits, women donned polka-dot ensembles, black-and-white paneled dresses, and boots.

1968: People loved wearing styles inspired by the film 'Bonnie and Clyde.' In particular, men often wore pinstripe suits paired with hats in solid colours.

1969: Many shoes from this period featured short and chunky heels, were made of leather, and reached just above the knee.

1970: Hippie-inspired pants and mod-style shirts were popular at the start of the '70s.

1972: According to Vintage Dancer, fashion in this decade "Couldn't decide what direction to take or what past decade to emulate." As a result, men wore a mix of everything, including turtlenecks, neck scarves, and wide-legged pants.

1973: Rather than following a single trend, people aimed to dress in a way that expressed their individuality.

1974: Disco styles started to emerge from the fashion industry.

1975: Both men and women donned suits. Suit-style dresses became very fashionable.

1976: Everyone wanted to wear a jumpsuit.

1977: Bold, bright colours were fashionable.

1978: Logo-mania originated in the late '90s.

1979: Many people wore head-to-toe denim.

1980: Wedge sneakers became trendy.

1981: Men started wearing patterned suits.

1982: People couldn't get enough of monochromatic outfits.

1983: An aesthetic called cottagecore has completely taken over.

1984: Platform shoes came back into style.

1985: Plaid was extremely popular in the middle of the '90s.

1986: Plaid was extremely popular in the middle of the '90s.

1987: Plaid was extremely popular in the middle of the '90s.

Educationist with a vision

Dr Shilpa Jejurkar comes with a rich experience of 25 years in the field of education. With English and Social Science as her core subjects, her career spans over a considerable period in various capacities with many milestones to her credit.

After completing her PhD in Behaviour Counselling and MPhil. (Economics), she completed her Post Graduate Diploma in Educational Leadership and management from ITTT UK. Later, she completed her Masters in Education (M.Ed.) from Mumbai University, and is also an M.A in English Literature.

Growing up with all these virtues, it's not a surprise that she chose teaching as her profession to reach out to the society and contribute towards education which is meaningful. Her methodology includes teaching students the core life skills which will not only enhance the personality of the students but also overcome the various challenges which they may face in future.

As an educationist, she believes in empowering the facilitators and creating a lineage which would benefit the future of our country. A visionary by nature, she is in the process of mentoring and guiding not only in the school that she heads, but also in the places she goes as a pedagogue.

Dr. Shilpa Jejurkar, Principal of Amber International School and Jr.

ACHIEVEMENTS

- Green Educator award at the Climate conference NYC in Sept 2018.
- Innovative Principal Award at International School Awards Dubai in December 2018.
- Judge for 2018-19 Youth Multimedia campaign by UNESCO USA
- Education Icon award by CED Foundation
- Inspiring Educator of Maharashtra Award by Rocksparts.
- Community Icon Award by PWD Maharashtra
- National Award for Senior Educator by NFED Coimbatore.
- International Experiential Leader award at Hua Hin Thailand.
- IUEF Stree Shakti Samman Award for Excellence in Education in June 2020.

Amber International School (Cambridge International), Kalyan's principal Sanjay Nandi awarded as Global Teachers Award 2020, for his dedicated efforts for contribution to education, social welfare and adolescence awareness through innovative practices by CED Foundation, India-collaboration with Microsoft Team on 5th September.

Awards prove to be an impetus

This award acknowledged the efforts of teachers during this pandemic and eventually the team CEDF delighted to inform that he is the one of best candidates out of 1800 nominees from many countries like the US, Middle east and 99 more finalists. These awards intend to inspire others towards the bigger and better achievements by rewarding those who set an industry best benchmark. Sanjay Nandi said, "This award will inspire and boost us for more such efforts in future and striving for excellence in everything, more than just grades. Thank you students, parents, teachers and other stakeholders for believing and supporting us."

Amber International School (Cambridge International), Kalyan's principal Sanjay Nandi awarded as Global Teachers Award 2020, for his dedicated efforts for contribution to education, social welfare and adolescence awareness through innovative practices by CED Foundation, India-collaboration with Microsoft Team on 5th September.

Prolific speakers awe audience

The Rizvi Springfield High School (CBSE) English Elocution Competition was held on 25th August, from 8 am to 11 am hosted by Sana Kazi.

With the support of management Dr. Akhtar Hasan Rizvi (President) and Mrs. (Advocate) Rubina Akhtar Hasan Rizvi, hardwork of principal Mrs. Sangeeta Uniyal, teachers and students of the institution. With schools shut due to pandemic, celebrations have shifted online digital expression. The programme was planned digitally.

The participants, exhibited perfect nuances and finer points that go into making a public speech interesting and captivating. The poise, self-confidence and praiseworthy articulation delivered by the speakers with uncommon sense of conviction, made the event a benchmark for the fellow students, also providing utmost satisfaction and pride to the teachers. The event had 20 talented speakers from grades 6 to 10 belonging to different houses and was given the topic by the teachers. Some factors which were adjudged during

English Elocution Competition Winners

the competition were voice quality, speech content and delivery standards with appropriate topics.

The poise, self-confidence and praiseworthy articulation by speakers with a sense of conviction, made the event a benchmark for the fellow students

Helping the needy and deserving

The month of August has seen the easing of lockdown and opening of businesses. Many have got back into earning an income. Yet many are still at home without a job or any form of income. It is to these that Don Bosco Nerul continues to reach out. It is a challenge to sift out those that are not in need yet want to hoard or sell of the ration kits to the grocer stores.

The school continues to reach out to families, situated in locations of Karave Gaon, Belapur, Panvel, Kharghar, Turbhe and Seawoods. Besides these needy families a couple of other needy groups, included:

an orphanage in Seawoods, where after regularly giving them food, the Salesian brothers have been conducting interactive songs, games etc. with orphan children.

Another needy group, Divyang Samajik Sanstha comprising more than 125 differently abled people who have been totally dependent during the lockdown period and in need of constant support. We have begun collaborating with them to find out workable career options, training, using or making their identity documents to procure government schemes. We have helped them with ration, during the lockdown and are looking forward to reach out to them to make them self

reliant. We are now concentrating on moving from food relief to helping the needy obtain a skill to make them job ready. Some of the mothers of our Oratory children went to 'd' mart and 'Relience Fresh' for jobs, they were asked for a Std. X certificate. Since none of them had completed their schooling. They took up the challenge and now 17 young ladies from 19-45 yrs old have enrolled and taking online coaching classes to appear at the end of this scholastic year for their SSC through the National Institute of Open Schooling (NIOS) system. They are having additional life skill and spoken English coaching besides their regular online tuitions.

Never give up and believe in yourself

"The world needs all the good I do"
STORY OF THE MOUNTAIN MAN

We have many purposes in life, one of our main purposes is to help others and to do good and to leave a mark not only for ourselves, but also in other's lives. It depends on what we choose to be remembered for, either doing great things or not so great things. Our choices affect others more than we think and we should really take that to account when we choose. Today I want to share a story of an extraordinary man who made his life's goal to help others and he truly did leave a mark in this world.

Meet Dashrath Manjhi also known as Mountain Man, was a labourer in Gehlaur village, near Gaya in Bihar, India. Many people have trouble in choosing their life goal and not quitting when things get hard, but Manjhi didn't. When his wife died due to a grave injury she had while crossing the

STUDENT'S PEN

mountain, which they had to almost everyday. He had made up his mind to carve a path through the hill ridges only with a hammer and a chisel in hope for easier and safer way of transport for his fellow village people. He took 22 years to do this single-handedly. He reduced the distance from 55km to 15 km, he made it safer and easier for the people to travel and that

opened so many opportunities. Children could go to school, people could visit that village which helped the economy and they had a better connect with rest of the world over all. His mind was set and despite the fact it took him 22 years it still changed the history of that town and continues to do so.

Manjhi teaches us so many things, he teaches to never give up and to believe in yourself and to do things that won't only benefit you but others also. Crazy isn't it, how an illiterate man taught us more than we would could teach him, he has inspired so many people to become the best version of themselves everyday and strive to help others. Manjhi truly explains the purpose of mankind and our existence, the importance of hardwork and the core values of helping others to change lives.

Online lessons in leadership

India is a democratic country. Every adult citizen of India elects the leaders of our country by participating in the electoral process.

This is the most important lesson that is taught to every student in every school. Shri Shakuntala K I Jain High School organises elections every year to demonstrate the process of elections and help the students acquire the true essence of democracy by electing their own leaders in school.

On 13th August too, adhering to its legacy, the school conducted virtual elections to form The Student Council Body for the academic year 2020-21, keeping the following objectives in view:

- To provide students with an aura of normalcy.
- To prevent them from missing different activities that were held in school.
- To help students realise that all activities can be conducted on the lines of online teaching sessions.
- To help them learn to adapt to new norms in a situation of crisis.
- To provide maximum opportunities to the new members of the Student

Council Body. To mold the leadership qualities among the students. The nominated students prepared videos of prudently drafted speeches and delivered them with the best strokes of oratory, enriched with the choicest phrases to attract maximum votes in their favour. Thereafter the students casted their votes on the Telegram App. The qualities of cooperation, understanding, and patience were considered as pre requisites among the nominees.

The presence of the teachers and their advice to the students to refrain from allowing themselves to get influenced by the votes of their friends and to take their own decision in this context, proved instrumental in helping the students make the right choice.

An interview session on Zoom App along with the principal of the institution, Roma Das and the teachers was held to decide the pivotal positions of the Head Girl and Boy as well as Cultural Captains of the school.

The efficiency in decision making abilities of the candidates and their qualities of grit, fair play and determination were put to test while selecting the most deserving candidates for these crucial posts.

BOOK: THE BLUE UMBRELLA BY RUSKIN BOND

The blue umbrella is one of the most memorable by Ruskin Bond whose magic will keep on enchanting readers for generations. The main theme of the story is the joy of giving and sharing happiness even in saddest of times. It is tough to renounce things that we love.

In this story the lead character is Biniya a small girl from the hills. She is of a tender age but when she stumbles upon some picnickers from the plains, and on their demand gives up the tiger claw necklace to them in exchange of a blue umbrella.

Later, when the blue umbrella becomes a thing of envy for ordinary and unpretentious villagers, the greedy Ram Bharosa tries to take the possession of here blue umbrella by unethical ways. This act slanders his image and as a result people stopped coming out for entertainment. This further causes loss in his business. Unable to stand the agony of the loss

Biniya realises that she should not flaunt her umbrella just to make Ram Bharosa sad so she gives her umbrella to him to save him from the loss he was suffering. In return, overwhelmed by her kindness he gifts her the bear claw necklace which is considered even luckier than a tiger's claw.

Ruskin Bond makes the most ordinary things appear extraordinary. His intricate narration carries us into a different world, a world where we all can find a little of ourselves. This story exhibits human emotions such as longing, happiness, pride, kindness, jealousy, greed, remorse and sacrifice. It ends with a powerful message that a small act of kindness can indeed transform lives which makes this book a must-read.

After two losses on the trot, Sunrisers Hyderabad notched up its first win after beating Delhi Capitals by 15 runs. Going forward they must tick all the right boxes

Can Sunrisers Hyderabad keep the **MOMENTUM** going?

1 OPENERS ARE CRUCIAL FOR SRH

David Warner and Jonny Bairstow did the bulk of the scoring for SRH last season. Warner was the leading run-scorer in the 2019 edition, scoring 692 runs in 12 matches at an average of 58.50. Bairstow scored 445 runs in 10 matches at an average of 44.50. Put in to bat against DC, Bairstow (53 off 48) scored his second fifty of the tournament, while David Warner (45 off 33) and Kane Williamson (41 off 26) also came up with precious contributions, helping Sunrisers Hyderabad post a fighting total of 162 for loss of four wickets.

It was a big call (inclusion of Williamson in playing XI) but, at the end of the day, if we get our top four batting right and back our bowlers, we will come good. For us, it is important to establish in the middle. David Warner, SRH skipper

2 WILLIAMSON MUST KEEP THE MIDDLE ORDER INTACT

To strengthen SRH's batting, the seasoned Williamson was drafted in at the expense of Mohammad Nabi. There is no doubt that Kane Williamson is an intelligent cricketer. He with his deft moves kept Sunrisers scores ticking. Converting one into twos is his forte which he does by running hard but now he also cracked occasional fours or sixes every fifth ball. For SRH, he has now solved the middle batting order hurdle by scoring brisk (41 off 26).

Kane Williamson

3 ACCURATE BOWLING IN DEATH OVERS

Sunrisers Hyderabad's (SRH) skipper David Warner revealed that the side had worked "really hard" on their death bowling after the two defeats in the ongoing Indian Premier League. Rashid Khan's brilliant performance and Bhuvneshwar Kumar's gutsy show with the ball guided SRH to a 15 run win over Delhi Capitals. It was also their first win in the tournament. "We worked really hard on our death bowling, and today they were all fantastic. We pride ourselves on our running between the wickets. If we are not getting boundaries, we run hard," Warner said.

PREVIEW

MI, KXIP look to move on after heartbreaking losses

Coming off heartbreaking losses, the Indian Premier League game between Mumbai Indians and Kings XI Punjab will be a test of character for both sides as they look to regain momentum. KXIP were at the receiving end of the highest successful run-chase in the tournament history as Rajasthan Royals overhauled a target of 224 with three balls to spare on Sunday. While Kieron Pollard and Ishan Kishan led a remarkable fight-back, chasing 202, before Mumbai went down to Royal Challengers Bangalore in a Super Over. Defending champions Mumbai Indians lost their opening game but bounced back to beat Kolkata Knight Riders. However, Rohit Sharma's men failed to cross the line against RCB. Similarly, after losing to Delhi Capitals in their opener, KXIP came back strongly to register their first points by defeating RCB. But, despite a fabulous batting display, they lost to Rajasthan. KXIP have failed to tighten the screws when it mattered most. In their two losses, they were in a good position but could not grab the moments. Their bowling looked out of sorts against Rajasthan as they failed to defend a big total with Rahul Tewatia hitting pacer Sheldon Cottrel for five sixes in an over to win the match for his team.

Bumrah's inconsistency is a big worry

Mumbai Indians are blessed with a splendid batting firepower with the likes of Rohit, Suryakumar Yadav and Ishan Kishan at the top-order, followed by the big-hitting Pollard and Hardik Pandya. A major cause of concern for them will be pace ace Jasprit Bumrah's inconsistency. The speedster has picked up only three wickets in as many games.

Jasprit Bumrah

MI must get Rahul and Mayank early

Skipper KL Rahul and Mayank Agarwal have made inspiring starts this season, hitting a century and a fifty each, and getting the duo out early will be the key for Mumbai. Against Rajasthan, the pair shared a 183-run opening stand with Agarwal scoring his maiden ton while Rahul, fresh from recording the highest score by an Indian in IPL history, hit a 54-ball 69.

Djokovic, Pliskova advance to second round at Roland Garros

World number one Novak Djokovic dominated his first round match at the French Open 2020 as he swept aside Sweden's Mikael Ymer in straight sets. Djokovic defeated Ymer 6-0, 6-2, 6-3 in just 98 minutes and during the course of his win, one of the most notable features was his use of the drop shot. "I think it's a great variety shot, the dropshot. I think it's important tactically to have it and to use it at the right time so that you can keep your opponent always guessing what the next shot is," he said as per the ATP Tour website.

HIGHLIGHTS

- Russian 13th seed Andrey Rublev came back from the brink to beat American Sam Querrey in five sets.
- Jelena Ostapenko, the 2017 champion, put out seasoned American Madison Brengle 6-2, 6-1.
- World number six Stefanos Tsitsipas clawed his way back from two sets down to beat little-known Jaime Munar 4-6 2-6 6-1 6-4 6-4 and survive a French Open first round scare.

Mustafizur Rahman rues missing out on IPL

“If the BCB knew that the Sri Lanka series would be postponed, they would have given me the NOC (No Objection Certificate) for IPL. But whatever happens, happens for the best. I may have earned BDT (Bangladesh Taka) 1 crore had I played the IPL. **”**

Bangladesh pacer Mustafizur Rahman rues missing out on playing in the IPL and the perks that come with it after the postponement of his national team's tour of Sri Lanka amid the COVID-19 pandemic. Bangladesh Cricket Board (BCB) President Nazmul Hasan had asked Sri Lanka Cricket (SLC) to reschedule the three-match Test series next month, as the board wasn't willing to comply with the 14-day quarantine rule proposed by the host nation in view of the pandemic. "Sri Lanka's proposal to have us quarantined for 14 days didn't seem possible for us," Mustafizur was quoted saying by 'Cricbuzz'.
